(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

The issue fee for this application was timely paid on August 6, 2007.

The Notice of Abandonment states that the application was abandoned in view of "The applicant's failure to time file a proper reply to the Office letter mailed on 9-21-07."

Applicants' attorney, Charles G. Call, has no record of receiving the "Office letter mailed on 9-21-07" and the file of the application available from PAIR contains no such letter.

Applicants' attorney, conferred by telephone with Examiner Patrick J. Connolly who indicated that he was also unable to find the Office letter referred to and was unable to provide an explanation of why the application became abandoned.

Applicants' attorney has no record of receiving the Notice of Abandonment, but believes that notice may have been forwarded by the U.S. Postal Service to a Florida winter office address after that office was closed.

In any event, it is believed that application became abandoned through no fault of applicants or their attorney since the records of neither applicants' attorney nor the Patent Office reveal that such a letter was ever sent.

Applicants' attorney has reviewed the file and finds no basis for issuing such a letter. The only action due from the applicants, payment of the issue fee, was done within the time allowed, as the record shows.

Examiner Patrick recommended the filing of this Petition for Revival of an Application Abandoned Unavoidably so that the application could be issued.
